# How to check assets are reporting in Verizon Connect Reveal

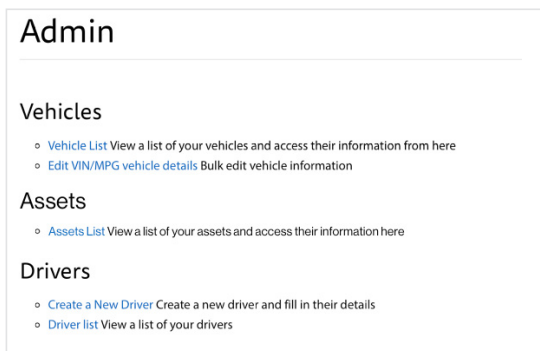

Before you start make sure you have the ESN (serial number) of the tracking device you have installed on the asset.

**Step 1: Visit [www.verizonconnect.com/login](http://www.verizonconnect.com/login) and log in to your Reveal account.**

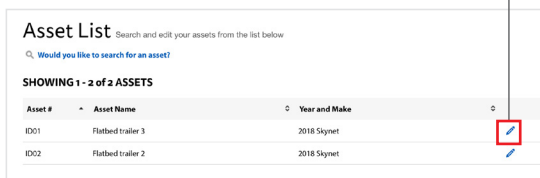

The login page for Verizon Connect Reveal. It features a background image of a person in a uniform. The form includes fields for Username and Password, a LOG IN button, a Forgot Password link, and a Keep me logged in checkbox. A promotional message at the bottom says "Share with a friend and get \$200 or more!"

**Step 2: Go to the Admin page and choose Assets.**

The Admin page in the Verizon Connect Reveal interface. It has a sidebar with "Admin" at the top. Under "Vehicles", there are links for "Vehicle List" and "Edit VIN/MPG vehicle details". Under "Assets", there is a link for "Assets List". Under "Drivers", there are links for "Create a New Driver" and "Driver list".

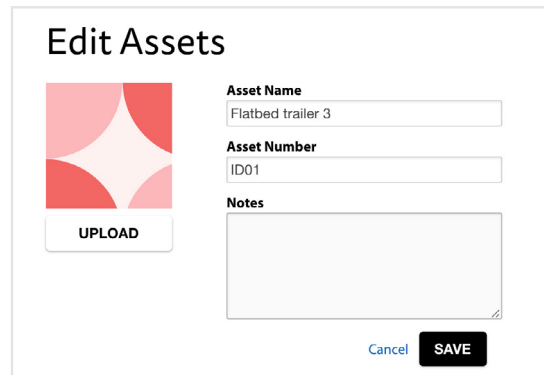

**Step 3: The ESN will be listed as the Asset Name. Click the Edit icon if you want to change the asset name or number.**

The Asset List table in the Verizon Connect Reveal interface. It shows a list of assets with columns for Asset #, Asset Name, and Year and Make. The first asset is ID01, Flatbed trailer 3, 2018 Skynet. The second asset is ID02, Flatbed trailer 2, 2018 Skynet. An edit icon (pencil) is visible next to the second asset.

Asset #	Asset Name	Year and Make
ID01	Flatbed trailer 3	2018 Skynet
ID02	Flatbed trailer 2	2018 Skynet

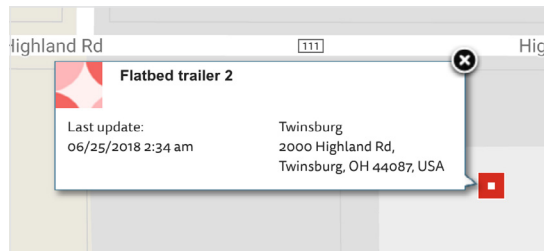

**Step 4: Click Save to apply your changes.**

The Edit Assets form in the Verizon Connect Reveal interface. It includes fields for Asset Name (Flatbed trailer 3), Asset Number (ID01), and a Notes section. There is an UPLOAD button and a SAVE button.

**Step 5: You can now view your assets on the Live Map (use the filter option to locate a specific asset quickly).**

- Assets will display in the Assets area with a square icon (■)

**Step 6: Right-click on the asset to see more options.**
